## Our members' Declaration

I/we practice, recognise or support community development and/or wish to develop it.

- As such, we work primarily with people and communities that are oppressed, marginalised, excluded or poor.
- Our work is underpinned by our values of participation, empowerment, social justice and equality.
- I / we work with people and communities to promote learning and understanding, to advance inclusion and involvement of all, to encourage organisation and network building, and to bring about positive and sustainable change in social, economic and democratic circumstances

I /we share and support this declaration;
