

# Join a global network

The International Association for Community Development (IACD) is the only global network for community development workers, researchers and activists. We support development agencies and practitioners to build the capacity of communities, to realise greater social and economic equality, environmental protection and political democracy. We are a non-governmental organisation accredited with the UN.

There are many ways that you can become involved in IACD. If you are a development agency manager, funder, fieldwork practitioner, academic, student or volunteer community activist, IACD can help you through our international practice exchanges, events and publications. If you have a passion for effective community development, then please make contact with us – we welcome your participation!

Join today and become a part  
of this dynamic network!
